

Petition of Scientists for the Vjosa River

November 2019

The Vjosa River in Albania is one of the most iconic rivers in Europe. Together with its tributaries it forms the most intact river system of the continent outside Russia. However, the Vjosa is at risk due to the planned construction of hydropower plants as well as infrastructural development plans near the river's mouth.

As **experts of river landscapes from various scientific disciplines**, we want to stress that recently conducted research in the Vjosa basin strongly suggests an urgent need for a careful re-assessment of risks posed by the planned hydropower projects at Kalivaçi and Poçemi.

In addition to the destruction of unique ecosystems, these projects – according to recent research – will

- *fail to mitigate the downstream flood risk as the dam is not designed to retain large flood flows.*
- *hamper agricultural development by lowering the groundwater table and allowing salt-water intrusion downstream of the reservoirs.*
- *constrain touristic development due to coastal erosion as a result of high sediment retention in the reservoirs.*
- *generate high maintenance costs of the reservoirs and a comparatively short life-span thereof, as high load of fine and coarse particulate sediments will fill the reservoir.*
- *increase hazards of seismic activity in the Vjosa region.*

In line with these risks, we, the undersigned scientists, urge the Albanian government, namely Prime Minister Edi Rama, Minister of Tourism and Environment Blendi Klosi and Minister of Infrastructure and Energy Belinda Balluku to

- 1) *agree on a time period of two years (2020/2021) for a thorough review of the current hydropower development plans in the Vjosa River basin.*
- 2) *jointly explore economically feasible options for a sustainable 'Vjosa River Strategy' within the framework of the evolving River Basin Management Plan.*
- 3) *establish a 'Vjosa River Science Round Table' involving national and international experts in order to allow for informed decision making on key identified issues related to the Vjosa River catchment.*
- 4) *follow Albania's political and legal commitments to meet international conventions as well as EU requirements.*

Peticion i shkencëtarëve për lumin Vjosë

Nëntor 2019

Lumi Vjosë në Shqipëri është një nga lumenjtë më ikonikë në Europë. Së bashku me degët e tij, Vjosa formon sistemin më të paprekur të lumenjve në Europë jashtë Rusisë. Sidoqoftë, Lumi Vjosë është në rrezik për shkak të planifikimit të ndërtimit të hidrocentraleve, si dhe planeve të zhvillimit të infrastrukturës pranë deltës së lumit.

Si ekspertë të peizazheve lumore nga disiplina të ndryshme shkencore, nga hulumtimet i kryera kohët e fundit në pellgun e Vjosës, mbështetim fuqimisht se është urgjentisht i nevojshëm të bëhet rivlerësimi me kujdes i rreziqeve të projekteve të planifikuara të hidrocentraleve në Kalivaç dhe Poçëm.

Përveç shkatërrimit të ekosistemeve unike, sipas hulumtimeve të fundit këto projekte:

- Nuk zvogëlojnë rrezikun nga përmytjet në rrjedhën e poshtme, pasi digat e parashikuara nuk mund të mbajnë prurje të mëdha ujërash nga lumi;
- Nikojnë në zhvillimin bujqësor duke ulur nivelin e ujërave nëntokësore, si dhe lejojnë ndërhyrjen e ujit me kripë në rrjedhën poshtë digave;
- Nikojnë në zhvillimin e turizmit nga erozioni bregdetar për shkak të mbajtjes së sedimenteve prej digave;
- Kanë kosto të lartë mirëmbajtjeje të ujëmbledhësve dhe një jetë relativisht të shkurtër të tyre, për shkak të ngarkesës së madhe të grimcave të imëta dhe të trasha të sedimenteve.
- Rritin rreziqet e aktivitetit sizmik në rajonin e Vjosës.

Prandaj, ne shkencëtarët nënshkruar, i kërkojmë Qeverisë shqiptare, përkatësisht Kryeministrit Edi Rama, Ministrit të Turizmit dhe Mjedisit Blendi Klosi dhe Ministres së Infrastrukturës dhe Energjisë Belinda Balluku të:

- 1) Bien dakord për një periudhë kohore prej dy vjetësh (2020/2021) për një rishikim të plotë të politikës aktuale të hidrocentraleve në pellgun e lumit Vjosë;
- 2) Hulumtojnë bashkërisht mundësitë ekonomike për formulimin e një 'Strategjie të qëndrueshme për lumin Vjosë' brenda kornizës së planifikimit të menaxhimit të pellgjeve lumore;
- 3) Krijojnë një "Tryezë të rrumbullakët shkencore për lumin Vjosë" – ku të jenë përfshirë ekspertë vendas dhe ndërkombëtarë në mënyrë që të mundësohet 'informimi në vendimmarrje' për çështjet kryesore të identifikuara në lidhje me pellgun e lumit Vjosë;
- 4) Ndjekin angazhimet politike/ligjore të miratuara nga Shqipëria për të përmbushur konventat ndërkombëtare, si dhe kërkesat e BE-së.

Supported by the undersigned national and international scientists:

571. **Dr. W.E. Penning**, The Netherlands
572. **Dr. Tom Buijse**, The Netherlands
573. **MSc. Carlijn Bak**, The Netherlands
574. **Ir. Gerda Lenselink**, The Netherlands
575. **Dr. Erik Mosselman**, TU Delft, The Netherlands
576. **Dr. Klaas-Douwe B. Dijkstra**, Naturalis Biodiversity Center & IUCN Freshwater Conservation Committee, The Netherlands
577. **MSc. Rens de Boer**, Wageningen University, the Netherlands
578. **MSc Hanna Spanier**, Wageningen University, the Netherlands
579. **MSc. William Oliemans**, River basin management / IWRM specialist, The Netherlands
580. **Dr. Jan H. Janse**, PBL Netherlands Environmental Assessment Agency & Netherlands Institute of Ecology, The Netherlands
581. **Cand. PhD. Paula Caroline dos Reis Oliveira**, University of Amsterdam, The Netherlands
582. **Prof. McClain**, IHE Delft Institute for Water Education, The Netherlands
583. **Prof. Robert J. Naiman**, University of Washington in Seattle, USA
584. **PhD. Steven Schroder**, Washington State Department of Fish and Wildlife (retired), USA
585. **Dr. David Heller**, Forest Service. Pacific NW Region (Retired), USA
586. **Prof. James H. Thorp, Ph.D.**, University of Kansas, USA
587. **Dr. Alec G. Maule**, United States Geological Survey & Columbia River Research Laboratory (retired), USA
588. **Prof. Denielle Perry**, Northern Arizona University, USA
589. **Dr. Sarah Praskievicz**, University of North Carolina at Greensboro, USA
590. **Dr. Julian D. Olden**, University of Washington, USA
591. **PhD. Gregory T. Ruggerone**, Natural Resources Consultants Inc., USA
592. **Prof. em. Alan M. Springer**, University of Alaska Fairbanks, USA
593. **Dr. Paul V. Loiselle**, New York Aquarium, USA
594. **Prof. em. Jack A. Stanford**, University of Montana, USA
595. **BSc. Priscilla Titus**, University of New York, USA
596. **Dr. Phaedra Doukakis**, IUCN Sturgeon Specialist Group, USA
597. **Dr. Deanne C Drake**, Upper Midwest Environmental Science Center, USA
598. **Prof. Kirk Winemiller**, Texas A&M University, USA
599. **Prof. Desiree Tullos**, Oregon State University, USA
600. **Prof. Brian Richter**, University of Virginia, USA
601. **Ass.Prof. Rebecca Best**, Northern Arizona University, USA
602. **Dr. Ian Harrison**, IUCN Species Survival Commission, USA
603. **PhD student, Ivana Lozanovska**, University of Lisbon, Portugal
604. **Prof. Maria Ilhéu**, University of Évora, Portugal
605. **Dr. Zeynep Ersoy**, Universidade de Évora, Portugal
606. **PhD. Sandra Carla Fernandes Craveiro**, University of Aveiro, Portugal
607. **MSc. Andreia Filipa Henriques Mortágua**, University of Aveiro, Portugal
608. **Udo Schwarzer**, IUCN/SSC fresh water plants especialista group, Portugal
609. **Dr. Ana Filipa Filipe**, CIBIO-InBIO, Portugal
610. **PhD. Alban Kuriqi**, University of Lisbon, Portugal
611. **PhD. Verónica Ferreira**, University of Coimbra/MARE, Portugal
612. **Dr. Duarte V. Gonçalves**, University of Porto, Portugal

613. **MSc. Patrícia Ferreira**, University of Porto, Portugal
614. **Dr. Pieter van der Linden**, University of Porto, Portugal
615. **PhD. Isabel Cunha**, University of Porto, Portugal
616. **PhD. Andrés Rodríguez-Seijo**, University of Porto, Portugal
617. **Dr. Carla Sousa Santos**, MARE and ISPA University, Portugal
618. **Dr. Vania Freitas**, CIIMAR, Portugal
619. **MSc. Ana Garcia**, CIIMAR, Portugal
620. **Prof. Simone da Graça Pinto Varandas**, University of Trás-os-Montes e Alto Douro, Portugal
621. **Prof. Ronaldo Sousa**, University of Minho, Portugal
622. **MSc. Francisco Ricardo Lacerda Branco**, CIIMAR - Centro Interdisciplinar de Investigação Marinha e Ambiental, Portugal
623. **Dr. Nikolaos Skoulikidis**, Hellenic Centre for Marine Research – HCMR, Greece
624. **Prof. Maria Lazaridou**, Aristotle University of Thessaloniki, Greece
625. **Dr. Ioannis Karaouzas**, Hellenic Centre for Marine Research, Greece
626. **Dr. Kalaroni Sofia**, Hellenic Centre for Marine Research (HCMR), Greece
627. **Dr. Sotiris Kioroglou**, Hellenic Center for Marine Research, HCMR, Greece
628. **B.Sc. Sofia Giakoumi**, Hellenic Centre for Marine Research (HCMR), Greece
629. **Dr. Christina Papadaki**, Hellenic Centre for Marine Research (HCMR), Greece
630. **cand. PhD Argiro Adamopoulou**, Hellenic Centre for Marine Research (HCMR), Greece
631. **MSc. Dora Kouvarda**, Hellenic Centre for Marine Research, Greece
632. **M.Sc. Eleana Kazila**, Natural History Museum of Crete, Greece
633. **Assoc. Prof. Vassiliki Kati**, University of Ioannina, Greece
634. **PhD. George N. Zaimes**, International Hellenic University, Greece
635. **PhD. Nikolas Katsoulakos**, National Technical University of Athens, Greece
636. **MSc. Ioannis Theodoropoulos**, Greece
637. **MSc. (cand. PhD) Maria Petridou**, University of Ioannina, Greece
638. **Prof. Ifigenia Kagalou**, Democritus University of Thrace, Greece
639. **Cand. PhD. Loukas-Moysis Misthos**, National Technical University of Athens, Greece
640. **M.Eng. Tatiana Vrazitouli**, Greece
641. **Assoc. Prof. Dimitra Bobori**, Aristotle University of Thessaloniki, Greece
642. **Asst. Prof. Natasa Gregoric Bon**, Research Centre of the Slovenian Academy of Sciences and Arts, Slovenia
643. **Prof. Dr. Radmila Milačič**, Jožef Stefan Institute, Slovenia
644. **Prof. ass. Cene Fišer**, University of Ljubljana, Slovenia
645. **Prof. Emeritus Maca Jogan**, University of Ljubljana, Slovenia
646. **MSc. Mateja Grašič**, University of Ljubljana, Slovenia
647. **asist. Dr. Žiga Fišer**, University of Ljubljana, Slovenia
648. **Dr. Gregor Bozic**, Slovenian Forestry Institute, Slovenia
649. **Assist. Prof. Dr. Simona Prevorčnik**, University of Ljubljana, Slovenia
650. **Dr. Simona Sušnik Bajec**, University of Ljubljana, Slovenia
651. **Dr. Barbara Rovsek**, University of Ljubljana, Slovenia
652. **Asst. Prof. Dr. Miha Krofel**, University of Ljubljana, Slovenia
653. **Dr. Aleš Snoj**, University of Ljubljana, Slovenia
654. **Prof. Dr. Borut Telban**, Slovenian Academy of Sciences and Arts, Slovenia
655. **MSc. Liza Stančič**, Slovenian Academy of Sciences and Arts, Slovenia
656. **Dr. Spela Goricki**, Scriptorium biologorum LLC, Slovenia
657. **Dr. Metka Povž**, Umbra Institute, Slovenia
658. **Dr. Ana Jelnikar**, Slovenian Academy of Sciences and Arts, Slovenia
659. **Dr. David Stankovič**, National Institute of Biology, Slovenia
660. **cand. PhD. Raquel Arias Font**, University of Birmingham, United Kingdom
661. **Prof. Luca Börger**, Swansea University, United Kingdom
662. **Prof. Carlos Garcia de Leaniz**, Swansea University, United Kingdom
663. **Prof. Jesse O’Hanley**, University of Kent, United Kingdom
